Since I was young I have had a strong entrepreneurial spirit and drive to succeed. In each project, I dig as deep as I can to produce my very best work. I believe attention to detail is the most important aspect of a project. For me, web development is not just a job. It is a way to outlet my creativity while also serving a purpose. It is both artistic and technical, works both sides of the brain, and it's this balance that draws me to it.

I have over seven years experience in web and graphic design, including personal, professional, and freelance projects.

Experience:

ChaseU Media Web developer/Graphic Designer

- ▶ Personal portfolio and web design service (review website for examples of past work). www.chaseu.com

Fairchild Semiconductor Web Administrator/Designer

- ▶ Enhanced Fairchildsemi.com with changes, press releases, updates, and new pages including the company history page and blog.
- ▶ Helped optimize and improve the site using SEO practices to boost hits from 300,000 to over 400,000 hits a month.
- ▶ Worked in Documentum, PHP, Wordpress, JQuery, Javascript, CSS and HTML.

Wasted Minds Media Web Developer/Production Intern

- ▶ Helped a start-up paranormal reality show called "Supernatural Hotspots" have a highly designed Flash website to for their show and be used as a marketing tool.
- ▶ Designed and built the Wasted Minds Entertainment website.
- ▶ Aided in producing, directing, and editing short films and television shows for a start up production company based in Portland, Maine.

University of Maine Alumni Association Web Developer

- ▶ Redesigned the UMAA website and translated the UMAA Magazine into an online version using Flash, CSS, HTML, and Javascript
- ▶ Created website for the Buchanan Alumni House (buchananalumnihouse.com).

TotallyWebsites Web Design Web Designer

- ▶ Helped TotallyWebsites improve its customer base by creating outstanding designs for numerous websites and website elements for businesses including totallywebsites.com itself.

Judivoice Messaging On Hold Web Developer

- ▶ Designed logo and maintain website. Recorded and cut several audio projects including messages on hold using Adobe Audition and Logic Pro.

Technical Skills:

Web Languages:
